

Hear From Parents

I was impressed with the activities when I was look forward. I liked the secure environment & welcoming staff. I sent my kid to C.H.I.L.D preschool as I think it was one of the best decision. I made it has helped her grow & develop in a new environment which has offered her fantastic opportunities."

About Us

This is the brainchild of the Founder, who has about a decade of experience in pre-school education. This concept of C.H.I.L.D. is an acronym for Convoke Hours In Learning Development meaning that this is an institution where there is a convergence of different methodologies to help a child to learn while having fun in developing basic skills. This concept has made C.H.I.L.D.

Our Vision and Mission

VISION : We strive to be an eye opener for value education without any compromise on quality so that we can bring up bright, happy children engaged in meaningful learning activities as they become independent thinkers..

MISSION : To provide a stimulating learning environment with a creative orientation towards learning. This would maximise personal potential and ensure students of all abilities to be well equipped to meet the challenges of learning and life. To give impetus to women entrepreneurship by encouraging them to take up franchisee of C.H.I.L.D. and incorporation of more women into pre-school teaching and creating more awareness in early childhood brain.

Logo & Motto

RED : Red denotes the importance of making healthy choices which could be in food habits, the child's attitude, physical activity which leads to a proper balanced life.

BLUE : Blue depicts the knowledge of alphabets and numbers which helps the child in creating his foundation of academics.

GREEN : Green stands for teaching the child that he is part of the environment and harmony with Mother Nature is most crucial which can no longer be ignored.

YELLOW : Yellow portray that social skills are as important as your academics. To learn to adjust with others, making friends and sorting out problems amicably are major issues of learning right in the childhood days.
